

ASHORE GROUP

Construction | Carpentry | Labour Hire

Company Capability Statement

COMPANY OVERVIEW

Ashore group is an established construction & carpentry business in Melbourne.

Our in house team based in Sunshine can price contract works in domestic and commercial construction. For those urgent works we can offer trades on labour hire basis.

Originally established as a renovation business in 2020 under the Name of Posh Renos, updated again in 2022 as Ashore Group Construction, Carpentry, Labour Hire and then, from 2024, operating as Ashore Group Pty Ltd.

While Manny our founder plays a crucial role, the real strength lies in our team of skilled experts across different facets of construction and carpentry. This diverse team forms our collective expertise, enabling us to tackle a wide array of construction and carpentry projects.

As a result we have successfully expanded our qualified Carpentry team from a small crew of committed trades to a larger team of quality carpenters, trade assistants and general construction labourers.

The Name change in 2022 to Ashore Group more accurately reflects today's core business and the group's primary focus on construction and carpentry, as well as the groups capacity for day-rate hire when needed.

VISION & VALUES

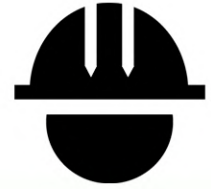

The groups ultimate focus is our culture based values for our staff, suppliers and all our valued clients.
